Sets: Venn Diagrams

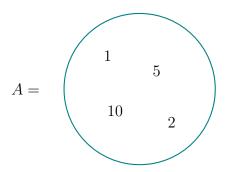

Video companion

1 Visualizing sets

- Venn diagrams
- Inclusion-exclusion formula
- Medical testing example, re-visited

2 Single set

$$A = \{1, 5, 10, 2\} \qquad |A| = 4$$

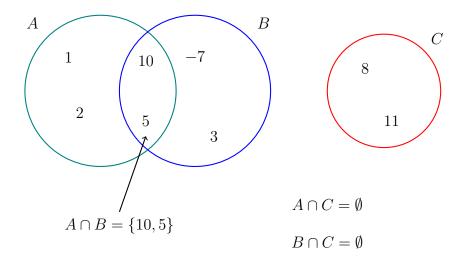

3 Multiple sets

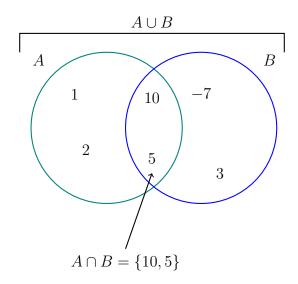

$$A = \{1, 5, 10, 2\}$$

$$B = \{5, -7, 10, 3\}$$

$$C = \{8, 11\}$$

4 Inclusion-exclusion formula

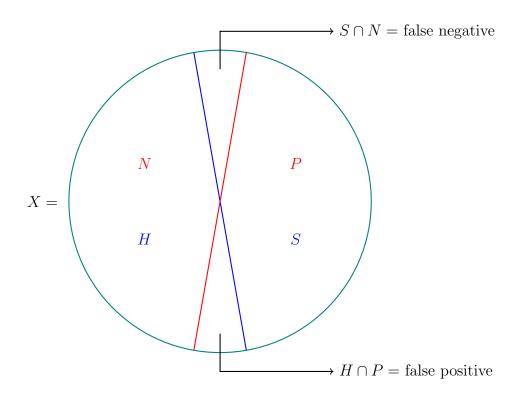

Inclusion-exclusion formula:

$$|A\cup B|=|A|+|B|-|A\cap B|$$

Check with this example:

$$6 \stackrel{?}{=} 4 + 4 - 2$$

5 Medical testing example

$$X = H \cup S \qquad H \cap S = \emptyset$$

$$S = N \cup P \qquad N \cap P = \emptyset$$
